

The Noise-Filtered Institutional Screen.

SYSTEMATIC EDGE:

- **Macro Sizing First**

Exposure is capped by breadth before stock picking.

- **Strict 200 EMA Rule**

Zero long trades below structural moving averages.

- **4 Hard Non-Correlated Gates**

Base-Resets, Momentum Flags, Pockets, and Sweeps.

- **Strict 2.0R Minimum Floor**

Zero chasing. High reward-to-risk required on every setup.
